

Whitsand Bay

- Description:Whitsand Bay is probably South East Cornwall's best beach with a 3 mile stretch of perfect sand but access to the beach at Whitsand Bay is steep and there are limited facilities. Whitsand Bay can be used for surfing but there are rip currents. The western end of Whitsand Bay beach at Tregantle is closed during Tregantle Fort firing range operation.
- Safety:There are rip currents at Whitsand Bay. There are lifeguards between May and September, with flag system in operation. The western part of Whitsand Bay is closed during firing range operation at Tregantle Fort, firing times are indicated by a red flag. The paths to the beach at Sharrow Point, Freathy and Tregonhawke are very steep and slippery. Signs warn off unstable cliffs and falling rocks. There is a risk of being cut off at high tide at Whitsand Bay, so keep close to beach access points.
